About the Author

Ever since I was six and sold my parents books for a dollar, I've been a writer. What's funny is sometimes I still sell books for a buck to celebrate a new release, and thank loyal fans.

I also was a photographer for a decade, an actress for two, and this year I'm going to put all three of these together, directing my first feature film, Summer 2018.

Men have been directing their own scripts for decades (Woody Allen, Ed Burns, Ben Affleck), so I figured, why can't I? We only live once, right?

I hope you'll be by my side.

I loved the town of Goat. Real and funny characters, plus steamy romance made for a pretty entertaining story. Keep on writing the good stuff!

I am so damn tired of people acting like #CockyGate magically gained attention. EVERYONE was whispering about it. Authors involved were TOLD NOT TO MAKE NOISE. They'd already started changing covers.

NONE of this would have gained attention if some of us hadn't been loud.

Stop treating trademarks like a shortcut to having a brand.

Your book's title isn't your brand.

Your series name isn't your brand.

You, dear author, are your brand. Stop making it look bad with these trademark shenanigans.

Guys, #cockygate isn't about growing a fandom or the biggest amount of followers you can get. It's about standing up for what's right. It's about standing up against trademark bullies against IP and creative commons. It's about standing up for those who were most affected.
